

June 2008

Dear Saab Customer:

As the owner of a 2005-06 model year Saab 9-3 Sports Sedan, 9-3 SportCombi or 9-3 Convertible model vehicle, equipped with a 2.0L 4-cylinder or 2.8L V6 engine, your satisfaction with our product is very important to us.

This letter is intended to make you aware that some 2005-06 Saab 9-3 Sports Sedan, 9-3 SportCombi and 9-3 Convertible vehicles, equipped with a 2.0L 4-cylinder or 2.8L V6 engine, may experience a condition where the fuel tank gas cap won't tighten properly or the fuel cap won't come off, or is broken. These conditions may also cause the illumination of the Malfunction Indicator Light (MIL).

Additionally, please be aware that the fuel cap may not seal adequately to the filler neck if pushed down when being tightened. Do not apply a downward force to the fuel cap when tightening.

Do not take your vehicle to your Saab dealer as a result of this letter unless you believe that your vehicle has the condition as described above.

What We Have Done: General Motors is providing owners with additional protection for the fuel tank filler cap. If this condition occurs on your 2005-06 Saab 9-3 Sports Sedan, 9-3 SportCombi or 9-3 Convertible within 10 years of the date your vehicle was originally placed in service or 120,000 miles (193,000 km), whichever occurs first, the condition will be repaired for you at **no charge**. Diagnosis or repair for conditions other than the condition described above is not covered under this special coverage program.

What You Should Do: Repairs and adjustments qualifying under this special coverage must be performed by a General Motors dealer. You may want to call the service department at your dealer to find out how long they will need to have your vehicle so that you may schedule the appointment at a time that is convenient for you. This will also allow your dealer to order parts if they are not already in stock. Keep this letter with your other important glove box literature for future reference.

Reimbursement: The enclosed form explains what reimbursement is available and how to request reimbursement if you have paid for repairs for the special coverage condition. Your request for reimbursement, including the information and documents mentioned on the enclosed form, must be received by GM by June 30, 2009.

If you have any questions or need any assistance to better understand related repairs, please contact your dealer. If you have questions related to a potential reimbursement, please contact the Saab Customer Assistance Center at 1-800-955-9007 from 8:00 AM to 8:00 PM EST Monday through Friday.

We are sorry for any inconvenience you may experience; however we have taken this action in the interest of your continued satisfaction with our products.
