**PRODUCT IMPROVEMENT CAMPAIGN: C1004430 DPF/SCR Covers  
VEHICLES INVOLVED – Certain 2012 Model Year FEC52, FEC72, FEC92 and FGB72 Trucks**

**Vehicle Identification Number – VIN**

Dear Mitsubishi Fuso Truck Owner:

This notice is being sent to advise you about an important Product Improvement Campaign involving the Mitsubishi Fuso Truck identified above.

**REASON FOR THIS CAMPAIGN:** On affected vehicles, the edges of the top and side DPF/SCR covers may have not been deburred. Working in that area of the truck could inadvertently cause a cut if the technician runs an unprotected body part along the edge of either cover.

**WHAT WE WILL DO:** The DPF and SCR covers will be inspected and if affected covers are found to be installed in your truck, they will be deburred. The procedure will be completed at no cost to you when performed by an Authorized Dealer or Parts and Service Center. The scheduled time for repair is approximately 0.3 to 1.0 hour.

**WHAT YOU SHOULD DO:** For your continued satisfaction, please contact any Authorized Mitsubishi Fuso Dealer or Parts and Service Center to schedule an appointment for this procedure. Refer to this Product Improvement Campaign Notification letter when speaking with Dealer Service Department personnel.

We at MFTA regret any inconvenience this situation may cause you. However, your continued satisfaction with our product is most important to us.

If an Authorized Dealer or Parts and Service Center is unable to perform this procedure without charge, or within a reasonable time frame, please contact MFTA Customer Service toll-free at 877-711-0707 for further assistance.

**Please note that this campaign will expire on December 27, 2012.**

Sincerely,

A handwritten signature in black ink that reads "William P. Mohr".
