RE: Request for Visit: 2013 Civic Starter Intermittent No Start

This message is solely directed to Honda dealership personnel; please handle accordingly.  
Print this iN message and provide a copy to the Shop Foreman and all Service Advisors.

**Background**

American Honda (AHM) is investigating certain 2013 Civics with a customer complaint of the starter not starting intermittently. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

**Qualifiers**

AHM is interested ONLY if the vehicle meets the following requirement:

1. No Si, Hybrid or NGV.
2. No history of starter replacement.

**Action Required**

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
