SUBJECT: TRUNK LID LINER DELETED ON LX MANUAL TRANSMISSION MODELS		

All 2017MY Forte (YDm) LX models equipped with a manual transmission do not include a trunk liner on the underside of trunk lid. It is important to note that this component is not listed in the Bill of Materials (BOM) and is not available on the manual transmission 4DR model. Installation of a trunk liner will not be covered by KMA warranty policy and is subject to dealer chargeback.

Example of the current YDm MT vehicle built as designed without liner on the trunk lid.
