## 2016 Touareg

### Service reminder display

Please first read and note the introductory information and heed the Warnings and Notice in the owner's manual.

The service appointment reminder is shown in the instrument cluster display. For more information, please See  $\Rightarrow$  booklet *Warranty and Maintenance*.

Information on maintenance intervals  $\Rightarrow$  booklet *Warranty and Maintenance*.

For vehicles with **time- or distance- driven dependent service**, fixed service intervals are displayed.

### Service reminder

If service is due in the near future, a **service reminder** is displayed when the ignition is switched on a **Service in --- mi or --- days (Service in --- km or --- days)** is shown on the instrument cluster display.

### Service event

When **service is due**, an audible signal sounds when the ignition is switched on, and a flashing wrench symbol is displayed for several seconds. For *vehicles with text messages*, **Service now** is indicated on the instrument cluster display.

### Viewing service messages

Service messages can be viewed in the Infotainment System.

- Switch on the ignition.
- Press the Infotainment button.
- Tap the function key on the screen.

A **minus sign** in front of the number of miles (kilometers) or days means that **service is overdue**. **Service since --- mi or --- days (Service since --- km or --- days)** is shown on the display.

The service reminder disappears after a few seconds when the engine is running or the button on the multi-function steering wheel has been pushed.

**For current fluid capacity charts, they can be found on ServiceNet under the Maintenance tab.**
