RE: Request for Inspection: 2015 Pilot Key Fob Concern

If you receive this /N message, you may have and/or be receiving the vehicles that are affected by this request.

American Honda (AHM) has discovered that certain 2015 Pilot vehicles may have wrong key fobs included. AHM would like to request to inspect and repair if needed. Please check VIN List and inspection procedure below.

Affected VINs List:

[Click here to view affected VINs](#)

Inspection and repair instruction:

Once you complete the inspection please contact Ms. Michelle Stevanus at TRS immediately to provide the results.

[Click here to view the inspection and repair procedure.](#)

Action Required:

Call Technical Research & Support (TRS) Group at 1-800-880-1072 and ask for Michelle if any units have been sold or dealer traded.

Thank you.
