

S-SB-0041-08      Rev2      August 8, 2008

# Remanufactured Automatic Transmission Serial Number Location

**Service Category**    Drivetrain

**Section**      Automatic Transmission/Transaxle      **Market**    USA

## Applicability

YEAR(S)	MODEL(S)	ADDITIONAL INFORMATION
2006 – 2014	FR-S, tC, xA, xB, xD	

### REVISION NOTICE

**October 16, 2014 Rev2:**

- Applicability has been updated to include 2011 – 2014 model year applicable Scion vehicles.
- The Engine/Transmission Reference section has been updated.

**October 8, 2009 Rev1:**

- Applicability has been updated to include 2010 model year Scion tC, xB, and xD vehicles.

Any previous printed versions of this bulletin should be discarded.

### SUPERSESSION NOTICE

The information contained in this bulletin supersedes the Scion information in SB No. TC013-06.

- Applicability has been updated to include 2006 – 2009 model year vehicles.

Service Bulletin No. TC013-06 is Obsolete and any printed versions should be discarded. Be sure to review the entire content of this bulletin before proceeding.

## Introduction

The purpose of this bulletin is to assist in the identification and location of serial numbers on 2006 – 2014 model year remanufactured automatic transmissions.

## Remanufactured Automatic Transmission Serial Number Location

---

### Introduction (Continued)

**NOTE**

- When writing a Field Technical and/or Product Report, the serial number **MUST** be provided.
- Warranty policy requires shipment of **ALL** replaced transmissions to AWTEC, even if the transmission is replaced with a new service unit.
- Warranty policy requires the Core Return Credit Request (CRCR) form be filled out correctly and returned with the core.
- Per Toyota Warranty Policy & Procedures "[Policy 4.23: OEM and Remanufactured Automatic Transmission Replacement](#)":
  - Whenever a remanufactured or OEM automatic transaxle/transmission is replaced, the serial number from the back of the failed component must be recorded on the repair order hard copy and entered in the "*Transmission Serial Number*" field which can be found on the "*Additional Information*" tab of the warranty claim. Serial numbers listed on the warranty claim are matched to the cores returned to AWTEC. Claims without a matching core will be debited back to the dealer.
  - If any non-hybrid OEM or remanufactured automatic transaxles/transmissions and/or torque converters inadvertently appear on the Scrap Report, or if the Part Recovery Request Screen "*Scrap Field*" indicates "Y," **DO NOT SCRAP THESE PARTS**. All OEM and remanufactured automatic transaxles/transmissions and torque converters are still required to be shipped to AWTEC for remanufacture.
