SUBJECT: Service Campaign TZZ - Veloster DCT Control Logic Update
(TSB# 16-01-055)

Hyundai Motor America is conducting a Service Campaign to update both the ECM (Engine Control Module) and the TCM (Transmission Control Module) on certain 2016MY Model Year Veloster equipped with 7 speed DCT. Service Campaign TZZ provides a procedure to update the ECM and TCM.

In order to identify only those vehicles affected by Service Campaign TZZ, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Service Campaign TZZ.

A listing of VEHICLES is also located on WEBDCS, SERVICE tab, select INFORMATION, and select UNCOMPLETED CAMPAIGN VIN LISTING - Dealer Stock & Retailed.

TSB #16-01-055 is available on Hyundai's Website as of November 14, 2016. It contains instructions on performing the service and submitting the campaign claim.

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
