

Warranty Information: 911 GT3 (991) Warranty Extension For Internal Engine Components (112/17)

Vehicle Type: **911 GT3 (991)**

Model Year: **As of 2014 up to 2016**

Country/market: Worldwide

Subject: **911 GT3 engine** (engine type MA175)

Situation: Warranty extension for internal engine components

The warranty on internal engine components lasts for ten years from the new vehicle delivery date or until the total mileage is 120,000 miles (194,000 kilometers), depending on which comes first. You will find the exact warranty period of a vehicle in the vehicle information in PIWIS.

The warranty applies worldwide and is always transferred automatically to the next owner. All other terms and conditions specified in the Warranty and Maintenance booklet remain unchanged.

You will find an overview of the components covered by the warranty extension in the **Attachment** section of this Technical Information.

Information: Scopes not covered by this warranty extension

Damage or malfunctions caused by external influences such as damage as a result of an accident, incorrect use or neglect of the vehicle.

Restrictions on cover of the warranty extension

The warranty and service information in the vehicle includes information about the warranty conditions for your vehicle. The owner should always read these warranty conditions carefully as the rights and obligations listed there also apply for the warranty extension.

Invoicing: For processing warranty claims using the "Extended Warranty GT3 Engine", the claim must be entered by specifying **Warranty type 111**.

Attachment: Overview of components covered by the warranty extension

PART ID	Designation	PART ID	Designation
1,000	Crankcase, suspension	1573	Mount for exhaust manifold
1001	Engine	1575	Valve guide

Technical Information

1004	Reconditioned engine	1577	Valve-seat ring
1010	Crankcase	1580	Cylinder head cover gasket
1011	Cap	1582	Cylinder head cover
1016	Joint	1584	Actuator for camshaft
1018	Cylinder-pressure loss	1700	Engine lubrication
1052	Positive crankcase ventilation hose	1703	Engine oil pressure
1300	Engine crank drive, pistons	1704	Oil-pressure sender
1310	Pistons	1706	Indicator light for oil pressure indicator
1319	Piston-ring set	1709	Oil-level sender
1320	Piston ring 1	1715	Oil filler neck
1322	Piston ring 2	1718	Oil suction line
1324	Oil scraper ring	1720	Oil pump
1326	Piston pin	1722	Oil pump drive
1327	Oil spray nozzle for piston cooling	1725	Piston spray nozzle control valve
1330	Connecting-rod bearing	1726	Pressure-regulating valve
1340	Connecting rod	1740	Oil cooler
1344	Connecting-rod mount	1743	Oil guide
1348	Crankshaft	1744	Sealing ring for oil cooler
1350	Crankshaft bearings	1750	Oil pan
1359	Crankshaft-flywheel sealing ring	1751	Oil sump gasket
1360	Flywheel	1754	Oil drain plug
1365	Flywheel mount	1900	Engine cooling
1367	Drive-shaft bearing	1901	Cooling system
1374	Sealing ring for crankshaft pulley	1914	Temperature sensor for fan
1500	Engine cylinder head, valve drive	1925	Console
1505	Camshaft	1950	Coolant pump
1535	Timing chain	1951	Gasket for coolant pump
1536	Chain tensioner	1952	Seal for coolant regulator
1537	Solenoid hydraulic valve for camshaft adjustment	1955	Coolant regulator housing
1547	Tensioning rail	1958	Coolant regulator
1548	Guide rail	1971	Change-over valve
1559	Valve lifter	2400	Fuel system electronic injection

1560	Intake valve	2440	Injection valve
1561	Valve	2463	High-pressure pump
1562	Outlet valve	2800	Ignition system, preglow system
1563	Valve-stem seal	2820	Ignition coil
1565	Valve spring	2839	Hall sender
1570	Cylinder head	2870	Spark plug
1571	Cylinder head gasket	2872	Knock sensor
1572	Cylinder head mount	2873	Pulse sender

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. If a particular condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your authorized Porsche Dealer for the latest information about whether a particular technical bulletin applies to your vehicle. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify the current and correct part numbers. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
