Road test mileage out _____

Road test mileage in _____

Reminders

▶ **All items must be completed prior to customer delivery by an Audi technician**

▶ **Audi recommends using an Audi approved battery charger to prevent excessive battery discharge during inspection**

▶ **It is advised to start ODIS with the engine running to enable all 5F Test Plans in GFF and also to ensure SVM sees all control units during the SVM check vehicle configuration**

▶ **Refer to the Special functions tab of ODIS Diagnosis using GFF for the PDI function tests**

▶ **For items marked with *, please refer to the PDI Technician Reference Document posted on ServiceNet for additional information**
