1999-2003 Golf, Jetta, and New Beetle Equipped with ALH TDI Engine – Glow Plug Replacement Tip

June 14, 2013: Update to Applicability.

Be aware that there are 2 suppliers for the TDI glow plugs-Bosch and Beru. When replacing the glow plugs make sure that you do not mix stock. The vehicle must have all the same supplier or DTC P0380 (Glow Plug Monitoring) may set.
