A3 e-tron Sportback

Audi Pre-Delivery Inspection

Stock No.	Dealer Number	R.O. No.
VIN	Road test mileage out	Road test mileage in

Reminders

- ▶ All items must be completed prior to customer delivery by an Audi technician
- ▶ Audi recommends using an Audi approved battery charger to prevent excessive battery discharge during inspection
- ▶ ALL PDI function tests must be run in Guided Fault Finding (GFF) only. Do NOT use Guided Functions for any PDI related test as these will not be uploaded to the Paperless Server. Refer to the Special functions tab of ODIS Diagnosis for using GFF for PDI function tests
- ▶ For items marked with *, please refer to the PDI Technician Reference Document posted on ServiceNet for additional information
- ▶ For items marked with **, follow instructions for stock inventory vehicle

Vehicle Preparation

- Check Elsa for open campaigns and updates
- Deactivate vehicle transport mode*
This step must be performed with the engine off, and ignition on
- Set adaption channel to enable CD Ripping (if equipped with NAV)*
- Set service reminder*
- Perform any open campaigns*
- Set the service intervals to 10k instead of 5k during PDI or existing 2017 vehicles that are set incorrectly
 1. Click on the "Special functions" tab
 2. Scroll down to 'Maintenance'
 3. Select the 17 - inspection with oil change - 10,000 miles, USA function test
 4. Perform the function test, but make sure you select "USA" as the country variant and when the question "Which service display should be reset?" comes up, select #2 (Oil service display and inspection service display).
 5. Then the MMI® indicator should now properly display the following values
 - Next oil service in 10,000 miles / 365 days
 - Next inspection service at 20,000 miles / 730 days

Exterior

- Check all key buttons and features*
- Inspect the outer door seals at all four doors and clean any visible adhesive using D 002 000 A2 Adhesive Remover or Acetone

Lighting and Windshield

- Test exterior lighting functions
- Test front washers (and headlight washers if equipped)*
- Install wiper blades

Trunk Inspection

- Verify tailgate is operational
- Verify operation of emergency release handle
- Install wheel bolt cover removal tool from PDI kit into trunk tool kit*
- Verify tool kit is installed securely in luggage compartment
- Verify tire repair kit and compressor are present
- Check battery clamps for proper torque*

Interior

- Verify operation of all seat belts and latches
- Check operation of window, lock, and seat controls*
- Inspect mirrors for proper operation*
- Check rear view mirror operation*
- Verify operation of all interior lights
- Verify operation of heated seats (if equipped)
- Verify operation of manual folding 2nd row3
- Verify proper operation of climate control*
- Inspect operation of all power outlets*
- Check panoramic sunroof and sunshade operation*
- Verify the glove compartment opens and closes properly

2018

A3 e-tron Sportback

Audi Pre-Delivery Inspection
