Some of you may have seen an alerts from Transport Canada regarding a recalls on some Spyder models.

You will find the details at the following link : [Transport Canada recall notice](#) and [Transport Canada recall notice #2](#)

Due to rules and procedures with some authorities we are legally obligated as a corporation to limit the amount of information we can share until getting required recall approvals.

As soon as we get the required approvals from the authorities such as Transport Canada and NHTSA, we will be publishing it on our websites and sending you all the required information.

Thank you
