Replacement Certification Labels and VIN Plates

Replacement Certification Label and VIN Plate Criteria

A replacement certification label and/or VIN plate may be requested if:

- The vehicle is in an accident and the label and/or plate is damaged or attached to a part that will be replaced during the repair.
- The label and/or plate is stolen.

NOTE

- Vehicles with body damage require the original label and/or plate as well as a picture of another VIN on the vehicle.
- Vehicles that were stolen MUST be reviewed by a field technical specialist. These vehicles
 MUST be accompanied by a police report and pictures of the VIN on the following: frame/body
 stamp, anti-theft labels, and Techstream Health Check.
- ALL replacement certification regulation labels and VIN plates for damaged and/or stolen vehicles are subject to approval by Toyota Technical Compliance. Contact Quality Compliance@toyota.com for more information.

Procurement Procedure

1. To request a replacement label, complete the applicable form at the end of this bulletin, attach the original label or plate as shown and mail the form to the address provided.
