

Backrest of last seat row chafes against rear-end door

Topic number	LI91.21-N-061656
Version	1
Design group	91.21 Passenger seats
Date	06-17-2015
Validity	All vehicles with Mercedes-Benz Minibus package contents (SA code ZJ8).
Reason for change	
Reason for block	

Complaint:

Wear on fabric cover of backrest of last seat row

Attachments	
File	Description
Bild3.jpg	Seat chafes against rear-end door

Cause:

Clearance to rear-end door is too small.

Remedy:

Insert wedge (3° angle) between seat and seat carrier in order to create clearance between seat and rear-end door.

2 wedges and cheese head bolts are required for each seat.
