GPOP - Issue Review System

Part Number: 04627731A\$

Part Description: Trans Vent Hose

Issue Description: The upper end of the transmission vent hose terminates with an open elbow. There is no cap on the end of the vent hose. This is intentional. Some graphics in StarParts may show a vent hose including a cap, but this is incorrect. The actual production vent hose has an open elbow fitting, not a cap. The elbow should be pointing downwards in the vehicle.~
