**CONDITION**

Pre-Delivery Service (PDS) is a critical step in satisfying new car customers. Please be aware that a new PDS Check Sheet has been developed for the 2017 model year Prius. Some check points have been clarified.

**RECOMMENDATIONS**

- Please follow the PDS instructions carefully
- D/C Cut Fuse Installation information can be found on the second page of the PDS Check Sheet
- If the wrong fuse is used for the D/C Cut circuit, other circuits can be affected
- Figure 1 shows how Engine Room Relay Block No. 1 should look after a correct PDS has been performed
