

Subject: TIRE PRESSURE MONITORING SYSTEM (TPMS) INITIALIZATION PROCESS	Bulletin No.: 02-009/18
	Last Issued: 05/07/2018

BULLETIN NOTES

This bulletin supersedes the previously issued bulletin(s) listed below: The changes are noted in Red.

Previously issued TSBs:	Date issued:
02-008/16	02/26/2016
02-007/12	12/11/2012

APPLICABLE MODEL(S)/VINS

2016-2018 CX-3	2016-2017 CX-9	2014-2018 Mazda3
2013-2016 CX-5	2016-2017 MX-5	2014-2017 Mazda6

DESCRIPTION

Customer complaints have been reported where the TPMS warning light is unnecessarily illuminated because the TPMS initialization was not performed correctly before customer delivery.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. Mazda North American Operations reserves the right to alter the specifications and contents of this bulletin without obligation or advance notice. All rights reserved. No part of this bulletin may be reproduced in any form or by any means, electronic or mechanical---including photocopying and recording and the use of any kind of information storage and retrieval system ---without permission in writing.

TPMS INITIALIZATION PROCESS

When any of the services below is performed, **BE SURE TO INITIALIZE THE TPMS BEFORE DRIVING THE VEHICLE** by pushing and holding the TPMS Set Switch on the dash until the TPMS warning light flashes two times and the warning beep sounds once.

The TPMS must be initialized in the following cases:

1. Tire pressures have been adjusted in one or more tires.
2. Tires have been rotated.
3. Tires or wheels have been replaced.
4. The vehicle's battery cable has been disconnected for any reason.
5. The vehicle's battery has been discharged.
6. The DSC HU/CM connector has been disconnected for any reason.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. No part of this bulletin may be reproduced in any form or by any means, electronic or mechanical---including photocopying and recording and the use of any kind of information storage and retrieval system ---without permission in writing.

To ensure a problem free vehicle sales delivery, PDI Step 1 (VEHICLE RECEIVING PROCESS), PDI Step 3 (MAZDA NEW CAR GET READY INSPECTION), and Step 4 Smart Start Guide (CUSTOMER DELIVERY CHECKLIST) have been revised to include the TPMS initialization procedure.

PRE-DELIVERY INSPECTION (PDI) STEP 1 (VEHICLE RECEIVING PROCESS)

- New vehicles arrive at the dealership with transport tire pressures. During PDI Step 1, adjust the tire pressures to the specification on the door jamb and then initialize the TPMS.

PRE-DELIVERY INSPECTION (PDI) STEP 3 (MAZDA NEW CAR GET READY INSPECTION)

- Tire pressures may change during vehicle storage. Adjust tire pressures again during PDI Step 3, and then initialize TPMS.

SMART START GUIDE STEP 4 (CUSTOMER DELIVERY CHECKLIST)

- Demonstrate how to initialize TPMS for the customer.

Failing to complete the TPMS initialization will cause the TPMS warning light to illuminate after the customer takes delivery of the vehicle. This may result in:

- Negative customer satisfaction due to comeback repairs.
- Negatively impact your dealerships IQS scores.
- PDI claim debit.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern.
