

Warranty Communication

Audi Warranty

Number: AWC-18-09

Subject: Documenting mandatory fuel refill for vehicles receiving the TDI Emissions Modification

Date: Jul 6, 2018

Dealers: U.S., Puerto Rico

This document conveys general Warranty information.

For 3.0L TDI customer vehicles receiving the TDI emissions modification, it is mandatory that the dealer return the vehicle to the customer with a full tank of fuel after the modification is performed. This complimentary fuel tank refill was included in the booklet that was sent to customers, and dealers will be reimbursed for the cost of the refill. For more information, see AWA 17-13 (for Gen 2.1 vehicles) and AWA 18-02 (for Gen 2 PC vehicles).

To ensure that the fuel refill is being offered to customers, documentation in the IN-FORM tool will be required beginning on July 6, 2018. The required documentation is as follows:

- In the IN-FORM tool, open the “Service Modification Manager Validation Form”.
- Check the option “I have confirmed the customer has received a full tank of fuel or has completed and signed the fuel service waiver”.
- **If the fuel tank was refilled as part of the emissions modification**, upload a photograph or scan of the fuel receipt.
- **If the fuel tank was not refilled as part of the emissions modification**, upload a photograph or scan of the form “Complimentary Fuel Service Waiver”, which must be completed and include the customer’s signature. This form is attached to this communication, and can also be downloaded from the IN-FORM tool.

NOTE: For inventory vehicles, the fuel refill is not required and will not be reimbursed. For these vehicles, proceed as follows in the IN-FORM tool:

- In the IN-FORM tool, open the “Service Modification Manager Validation Form”.
- Check the option “I have confirmed the customer has received a full tank of fuel or has completed and signed the fuel service waiver”.
- Upload a photograph or scan of the Repair Order.

Questions or concerns may be directed to Audi Warranty at 866.677.2834 or AudiWarranty@audi.com.
