In our continuing efforts to ensure the best in customer satisfaction, Toyota is launching a Limited Service Campaign (LSC) on certain 2016 Model Year Prius Vehicles

Condition

In the involved vehicles, the S-APGS (Simple Advanced Parking Guidance System) buzzer may not sound as designed to alert the driver to stop the vehicle during back-in assist parking mode and parallel parking mode. However, the stop indicator displays correctly on the multi-information display to alert the driver to stop the vehicle.

Remedy

The remedy will involve an inspection and, if necessary, a reprogramming of the Combination Meter.

This LSC will be available **until May 31, 2019**, and will only be available at an authorized Toyota Dealer.

Covered Vehicles

There are approximately 900 2016 Prius vehicles covered by this Limited Service Campaign. Also, note that vehicles affected by this Limited Service Campaign were not distributed to Puerto Rico.

Model Name	Approximate UIO	Model Year	Production Period
Prius	900	2016	Late November 2015 – Mid-January April 2016

Please reference the attached Dealer Letter for additional details.

Dealers will be notified on July 21, 2016 at approximately 5:30PM Pacific.
