RE: Software Update Issue Resolved for TSB-18-54-005  
TIN NO. TIN-18-54-004REV

.....

This TIN is being revised to announce the resolution of the software update issue.

**AFFECTED VEHICLES:** 2018 Outlander PHEV

**PURPOSE**

The communication problem with the software update in TSB-18-54-005 described in TIN-18-54-004 released October 3, 2018 has now been **resolved with MEDIC Update 558**, being released today, October 4, 2018. This update will deploy the latest software database, version **SEW18061-02**.

Once your MEDIC is at Update 558 (or later), then the flash outlined in TSB-18-54-005 can be completed.
