<p><u>Customer Voice:</u></p> <ul style="list-style-type: none">• The Check Engine Lamp is on. <p><u>Technical Description:</u></p> <ul style="list-style-type: none">• DTC P0420 is stored in the PCM.• Diagnosis leads to replacement of the catalytic converter. <p><u>Status:</u></p> <ul style="list-style-type: none">• A project will be raised for root cause investigation.• Please raise an EPQR for any repairs performed on these vehicles for DTC P0420.• Hold any parts replaced for return.	 A photograph of a blue catalytic converter assembly. The assembly consists of a large cylindrical canister with a flange at one end and a smaller, angled pipe at the other. A blue electrical wire with a connector is attached to the side of the canister. The assembly is shown against a white background, with a portion of a car's engine bay visible in the lower-left corner.
