

DAIMLER TRUCKS NORTH AMERICA AFTERMARKET

No.: 18 TL-18
December 4, 2018

TO: Service Locations

FROM: Service Systems Development

SUBJECT: **30mm Air Disc Brake Caliper Bolt Torque Adapter DSNCHA018005**

GENERAL INFORMATION

Daimler Trucks North America is changing the mounting of their air disc brake calipers. On some applications, because of difficult access, it will be necessary to use the 30mm torque adapter, DSNCHA018005, to apply the proper torque to the caliper bolts.

09/28/2018

f580518

REQUIRED ACTION

When installing the air disc brake caliper bolts check for access with a torque wrench and 30mm socket. If proper access is unattainable, use the torque adapter DSNCHA018005 to gain access so the bolts can be torqued properly.
