#### Supersession Statement

This PI was superseded to update Model and Model Years. Please discard PIT4610E.

The following diagnosis might be helpful if the vehicle exhibits the symptom(s) described in this PI.

#### Condition / Concern

**Some Emergency Personnel may inquire about First Responder Information as it relates to various Hybrid vehicles produced by GM.**

**Emergency Personnel Information is provided to assist First Responders in learning about vehicles and/or systems that may affect how they perform in an emergency situation.**

## Recommendations / Instructions

**Most First Responder Guides for GM vehicles can be accessed via the web by one of the following web sites listed below:**

**1) Select the following web site: <http://www.nfpa.org/> and selecting Training & Events/By Topic/Alternative Fuel Vehicle Safety Training/Emergency Response Guides/ Build Your vehicle.**

**2) Select the following web site: <http://www.gmstc.com> and selecting the first responder link in the Left lower corner of the page. There you will find the information guides for most of the GM hybrid vehicles**

Please follow this diagnostic or repair process thoroughly and complete each step. If the condition exhibited is resolved without completing every step, the remaining steps do not need to be performed.
