PROOF OF CORRECTION CERTIFICATE FOR EMISSIONS CAMPAIGNS

AFFECTED VEHICLES

- All Isuzu Vehicles

INFORMATION

California law requires that a Proof of Correction Certificate (“POC Certificate”) be completed for every motor vehicle Emissions Campaign/Recall (if any) that is applicable to a motor vehicle in order for that vehicle to be registered in the State of California. California requires the POC Certificate to ***be pink in color*** and to be submitted in person at a California Department of Motor Vehicles (“DMV”). The California DMV will not accept POC Certificates that are sent by mail, email or other form of electronic transmission.

All Isuzu Vehicles Require a Proof of Correction Certificate

Even if an Isuzu vehicle currently is not registered, or even located, in California, an owner could seek to register it in California in the future. Therefore, we are requiring that a POC Certificate be provided to every customer who has an Emissions Campaign/Recall performed on their Isuzu vehicle.

If Your Dealership did Not Perform the Emissions Campaign/Recall

Your dealership may provide a customer with a POC Certificate if you are able to verify that the Emissions Campaign/Recall has been properly performed (example: verifying an updated ECM calibration).

Completing the Proof of Correction Certificate

If you have access to a color printer, print the color POC Certificate. Using a felt tip pen, fill out all the information properly and sign; then cut the Certificate out and provide it to the customer.

If you only have access to a black and white printer, obtain pink (including Salmon) printer paper, print the black and white certificate on the pink paper, fill out all the information properly, and sign; then cut the Certificate out and provide it to the customer.

A “fillable” pdf POC Certificate can be found on the GOISUZU.com website.

Color Proof of Correction Certificate

Print on Color Printer –Complete with Felt-Tip Pen

Cut out Certificate

ISUZU		Vehicle Emission Recall – Proof of Correction																	
License Number	Make	Model Year	Body Type	Vehicle Identification Number															
Manufacturer: _____		Recall Number: _____
