Product Change Notice - New screws for screen door catches

Dear Valued Customer:

Please be advised we are changing the length of our screen door catch screws (Fig. 1A) from # 8 - 15 X 1/2 Square Pan Head to #8 X 1 Square Pan Head (Fig. 2).

The new screw has more threads for better thread engagement. The new, longer screw also makes adjusting the catch easier if needed.

There is no change in fit, form or function with the new screws. The current screw part number is 328275 and the new screw part number is 227619. The overall assembly number for the door does not change, nor does the part number for the screen door catch.
