## Condition

REVISION HISTORY		
Revision	Date	Purpose
6	-	Revised header (Revised model and model years) Revised <i>Service</i> (Updated instructions)
5	07/15/2015	Revised header (Corrected Elsa visibility issue)
4	06/29/2015	Revised header (Added model and model years)

A TAC ticket must be opened for any repairs related to the ceramic brakes.

## Technical Background

In an effort to gain information, we are asking that you contact the Audi Technical Assistance Center (TAC) before replacing any parts. This will assist us in diagnosing any potential issues with the condition noted above.

## Production Solution

No changes to production have been made, as no issue has been identified.

# Technical Service Bulletin

---

## Service

1. Verify the concern.
2. If the vehicle is within the New Vehicle Limited Warranty and complete the attached brake acoustic questionnaire.
3. If the concern is noise-related, obtain a sound recording, and frequency analysis as per TSB 2051095.
4. Attach the completed questionnaire and sound recording to the TAC ticket. A sound recording is necessary to help determine the root cause of the noise and to help resolve the concern.
5. Contact a TAC consultant before proceeding with any repairs.

## Warranty

This TSB is informational only and not applicable to any Audi Warranty.

## Additional Information

All parts and service references provided in this TSB (2034143) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
