Lamborghini tire specifications

## **Subject**

Information bulletin for identifying the correct tire to be installed on the Urus, Huracán or Aventador.

## **Information to the field**

The dealers of the Lamborghini network are informed, in relation to the possibility of fitting different types of tires, to refer to the attached tables containing the applicability lists for each car.

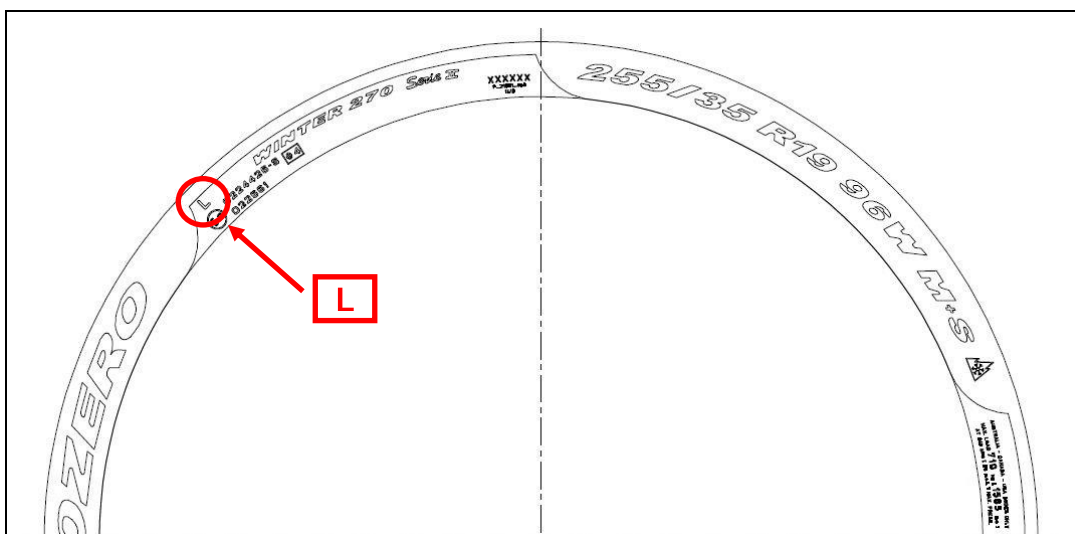

## **General information**

To facilitate the recognition of the tire, according to the type, an example of the tread pattern is shown in the tables.

Furthermore, please note that it is not allowed to use tires of versions and types not listed in the table for a specific car model, or not consistent with what is specified therein.

The tires suitable for mounting on Lamborghini cars are marked with the letter L, as in the following example. It is therefore absolutely forbidden to mount tires without this marking.

## **Attachment information**

- **01 - Aventador:** Indications on all Pirelli tire models that can be mounted on Aventador
- **02 - Huracàn:** Indications on all Pirelli tire models that can be mounted on Huracàn
- **03 - Urus:** Indications on all Pirelli tire models that can be mounted on Urus
