

SSM 48901

2020 Aviator - Air Suspension Service - Updated Workshop Manual (WSM) Procedure

Text:

Some 2020 Aviator vehicles may exhibit various air suspension concerns. To assist with diagnosis and service of the air suspension system, the WSM has been updated. Refer to WSM, Section 204-05, Vehicle Dynamic Suspension > General Procedures > Air Suspension System Depressurize and Pressurize for the updated procedure.

Vehicles:

2020 Aviator (C611C) (TU)
