From: Elizabeth Jolin – Director, Reliability
Subject: Recall EC0022 Expanded

Mack Trucks has amended the on-going recall EC022 with 7,118 vehicles. This brings the total to 8,864. The previously communicated interim SCR coverage U108 will be removed from these vehicles and replaced by the recall coverage M0063 for a pro-active replacement.

Please note that the SCR Part number 23160669 is no longer blocked and should be ordered in advance to account for ground shipment timing.
