Subject: Recall EC0022 Expanded

Volvo Trucks has amended the on-going recall EC022 by 1,873 vehicles. This brings the total to 2,127. The previously communicated interim SCR coverage U109 will be removed from these vehicles and replaced by the recall coverage M0064 for a pro-active replacement.

Please note that the SCR Part number 23160668 is no longer blocked and should be ordered in advance to account for ground shipment timing.
