SUBJECT: Dealer Travel for Campaign Performance

This letter is to announce a reimbursement available to dealers for travel to a customer's location to perform a recall or field service campaign. Potential travel reimbursement applies to DTNA truck dealers and Detroit Diesel distributors. Thomas Built Buses will be addressed separately.

Beginning with repair dates of 08/03/2020 and later, travel expenses may be included on recall and field service claims. Guidelines:

- For actual travel expenses within the location's AOR,
- Expenses are subject to audit and charge back for travel outside the AOR,
- For repairs that may be done away from the dealership only (repairs that must be done physically at the dealership are not eligible for travel reimbursement),
- Claim as two items in the "Other Charges" section of the claim as:
 - 1) "Road Call" with the mileage and the description of "Campaign road call" and
 - 2) "Labor" with any hours claimed and the description of "Campaign road call."
