Copies of the notification letters mailed to eligible motorhome owners are attached.

WHAT IS THE ISSUE?

On motorhomes affected by this Product Upgrade, the front driver's side compartment may not have been properly sealed. Inadequate sealant may allow water to intrude into the compartment.

WHAT SHOULD YOU DO?

In the event that a customer contacts you to request this repair, please verify eligibility by referring to the serial numbers listed in the enclosed **Product Upgrade Service Bulletin #200701REV** prior to beginning service.

When the repairs have been completed to the customer's satisfaction, have the customer and your dealership's representative sign an **Internal Repair Order**. Retain this document with your dealership's records. Submit your repair claim through REV's Dealer Warranty Portal for processing.

Repair claims will be reimbursed in accordance with **Product Upgrade Service Bulletin #200701REV** if performed within the vehicle's base warranty period or one year from the original mailing date of the owner notification letters, whichever date is later.

If you have one of these vehicles in your inventory, you will be mailed a **Product Upgrade Notice** for that specific motorhome. You are required to repair or otherwise correct any affected vehicles remaining in your inventory, according to the notification, before selling or leasing the vehicles. Any vehicle lessor receiving the notice is requested to forward a copy of the notice to the lessee within ten days.

Please review this entire package with your Parts, Service, and Sales staff to familiarize them with the step-by-step procedure and implement the **Product Upgrade #200701REV** campaign.

If you have any questions regarding this campaign, please contact:

Fleetwood Dealer Technical Support: (800) 816-9825
