Production Solution

A new software 0365 for the driver assistance systems control module, J1121 (address word 00A5) is planned for production and customer service.

Service

1. Explain to the customer that a solution is forthcoming for the 1st quarter of 2021 and that no repairs are necessary at this point. Do not replace any components for this condition since this will not resolve the customer's concern.
2. Create a PSS record in the PSS application through the Pending Service Solutions (PSS) link in AccessAudi (under *Related Links >> Service*), or through the Technical Assistance page in Elsa.
