GMC	Terrain	2018 - 2021	All	All	All	All
GMC	Yukon Models	2017 - 2021	All	All	All	All

Involved Region or Country	North America
Additional Options (RPO)	With Low Speed Forward Automatic Braking
Condition	Some owners may comment when they start their vehicle a "Forward Collision System Reduced" message is displayed on the DIC, example shown below. Note: On some models the message displayed maybe "Automatic Collision Prep Reduced".
Cause	This message displays when Forward Automatic Braking (FAB) has been set to the "Alert" setting. This setting disables most FAB functions.

Correction:

NONE. This is normal when the FAB has been set to "Alert".

NOTE: There are three selections for the FAB system (OFF, Alert, Alert and Brake), shown below. If the FAB is set to "Alert and Brake" the message will no longer be displayed when the vehicle is started.

Version History

Version	7
Modified	Created 03/14/2017 07/05/2017 - To update Models and Condition section. 10/23/2017 - To update the models, add the 2018 model year and add Note in the condition section 05/11/2018 - To add the Cadillac 2018 XTS models 05/15/2019 - Updated the models 09/05/2019 - Updated Model Years. 10/07/2020 - Update Model Years.
