#### Roof Opening Panel Does Not Open Fully

17 – 20MY XE

##### Customer Voice:

- A customer may report that the roof opening panel does not appear to open fully.

##### Technical Description:

- The roof opening panel on Jaguar XE models will open to different distances depending if the vehicle is equipped with satellite radio.

##### Status:

- The roof opening panel operation is designed not to block the roof mounted satellite antenna on models with this option.
- The roof opening panel will stop before covering the antenna.
- Models variants without the roof mounted satellite antenna will have a roof opening panel that opens further.
- Please note these differences and designed operation before diagnosing the roof opening panel operation.
