EXCELLENCE THROUGH PASSION

Circular Letter MAS000877

August 19th, 2016

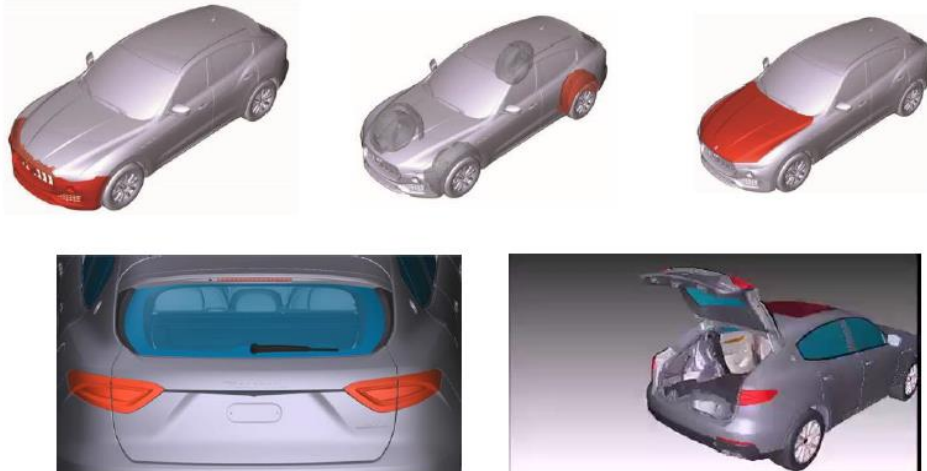

Models: Maserati Levante (M161)

SUBJECT: Technical Information for MDEVO and KOL

Dear Dealer Network,

This Circular Letter is to inform you that electronic diagnosis, the workshop manual, repair times and the body shop manual are all now available on the MDEVO and Knowledge On Line for the new Maserati Levante (M161).

The workshop manual, body shop manual and repair times will have the same structure as the Ghibli and New Quattroporte and will also include some new multimedia features. These new multimedia features that will be added include three-dimensional images (as seen below) and interactive videos that will help the user to better understand the locations and maintenance operations of the various vehicle components.

The following will also be published: reading of errors and parameters from all ECU's and the required service procedures. Also, any Firmware updates to ECU's that can now be performed directly by the dealer network.

Please review this information with your staff and if you have any questions, contact your After-sales Business Manager or Maserati Technical Support.

Thank you for your continued support and cooperation.
