Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2018-2020 Accords & 2019-2020 CR-Vs with a customer complaint of the SRS light on with the DTC B0020-13 (Open or Increased Resistance in the Driver's Side Airbag Inflator) or B0028-13 (Open or Increased Resistance in the Front Passenger's Side Airbag Inflator) stored or in active fault. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. Either DTC B0020-13 or B0028-13 must be stored or still in active fault.
2. Side airbags have not been replaced previously.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS - formerly TRS) at tis@ahm.honda.com. TIS will contact you to record certain vehicle information and provide you with further instructions.
