Campaign No. :	Campaign Desc. :	eCall Software Update		
2021020024	PDGHERMPOS			
<p>This is to notify you of an upcoming Recall Campaign concerning the eCall Software Update on approximately 82,011 MY16-20 Mercedes-Benz Metris and Sprinter vans. The recall campaign will be visible on the www.safercar.gov website and may generate questions from customers. All affected VINs will be flagged "PENDING" in VMI and cannot be sold.</p>				
Background				
Issue	<p>Mercedes-Benz AG (MBAG), the manufacturer of Mercedes-Benz and Freightliner vehicles, has determined that on certain on certain Model Year ("MY") 2016 – 2020 Metris and Sprinter vehicles (447, 907 platform), the software design of the communication module may fail to communicate the correct vehicle's location for the emergency call system ("eCall") in the event of a crash.</p>			
What We're Doing	<p>As a precautionary measure, MBAG will update the software of the communication module for the automatic emergency call system on the affected vehicles. All customers will receive official recall notification letters. For vehicles that are subscribed to the Mercedes Me/Mercedes Pro service, this software update will be performed over-the-air and with no workshop visit required. For vehicles that are not subscribed to the Mercedes Me/ Mercedes Pro service, the notification letter will advise the customer that he/she may opt out of the over-the-air update and visit an authorized workshop to have the update performed. If the customer does not opt out within the specified period, the update will be sent to the vehicle thereafter.</p>			
Parts	<p>Parts are still being verified. An additional notification will be sent when parts are available for repair.</p>
