NISSAN BULLETIN

2014 Rogue Engine On/Off Push Button Voluntary Safety Recall Campaign - Repair Update

Reference: PC311
Date: August 28, 2014

Attention: Dealer Principal, Sales, Service & Parts Managers

******* Repair Instructions *******

Nissan has released a campaign technical service bulletin for **Campaign PC311 – 2014 Rogue Engine On/Off Push Button**. The bulletin (NTB14-082) will be available on ASIST and NNAnet.com. The technical procedure released previously will be removed since it has been superseded by this bulletin.

******* Dealer Communication *******

The information will be posted to ASIST, NNAnet.com, and Dealer360 (recalls & campaigns community forum) on August 29, 2014.

- ASIST – Go to “Tech Support Info” on the left column of the ASIST opening page. Under “Tech Support Info”, select “Inventory Vehicle Actions”. A new window will open where you may access the technical procedures.
- NNAnet.com under My Documents in the following categories:
 - Parts>Campaigns>
 - Sales>Campaigns
 - Service>Campaigns>
 - Keyword Search: PC311
