APPLIED VEHICLES: 2003-2015 Infiniti vehicles equipped with Navigation system

SERVICE INFORMATION

Two methods are used to update/upgrade Navigation Map Data:

1. The customer goes to www.infinitinavigation.com and is mailed an update disc(s) or SD card and installs data.
- OR
2. The dealership is mailed update disc(s) and the customer must visit the dealership to have data installed.

Use the matrix on the next page to determine which method is utilized for each Applied Vehicle.

Infiniti Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Infiniti dealer to determine if this applies to your vehicle.

Use the matrix below to determine which method is utilized for each Applied Vehicle.
