2015 MURANO; POWER MOONROOF AUTO-OPEN OPERATION

APPLIED VEHICLES: 2015 Murano (Z52)

SERVICE INFORMATION

For the Applied Vehicles, two (2) types of Power Moonroof “open operation” were made available.

Type A

When the moonroof “open” switch is pressed once, the roof will automatically:

Open all the way.

Type B

When the moonroof “open” switch is pressed once, the roof will automatically:

Open and stop slightly before the fully open position.

NOTE:

- Refer to the Owner’s Manual for complete moonroof operation instructions.
- The open operation (Type A or Type B) is controlled by the moonroof motor assembly.
- **As of September 1, 2015, ALL replacement moonroof motor assemblies have the Type B open operation.**

Vehicles built before 5N1AZ2M(**)FN265439 / September 1, 2015 have a Type A moonroof open operation; vehicles built after this VIN/Date have Type B.

If a vehicle with Type A open operation has the moonroof motor assembly replaced for any reason:

- A moonroof motor assembly with **Type B open operation** will be supplied and will operate differently (see above).

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
