Date:

# INFINITI; THEFT ALARM TRIGGER HISTORY FUNCTION

#### APPLIED VEHICLES: 2013 JX (L50) 2014-2015 QX60 (L50) 2014-2015 QX60 Hybrid (L50) 2014-2015 Q50 (V37) 2014-2015 Q50 Hybrid (V37)

#### SERVICE INFORMATION

The function to detect the last item to trigger the vehicles theft alarm system can now be accessed with CONSULT-III plus (C-III plus).

This theft alarm history information can be used to confirm what triggered a past theft alarm audible alert. **EXAMPLE:** A customer describes that the alarm sounds for no apparent reason at some point in the past.

This function can be accessed by selecting:

• Diagnosis (All Systems) or Diagnosis (One System).

Then

BCM

Then

• THEFT ALM

Then

• Work Support

Then

• THEFT ALM TRG

See Service Procedure for more detail.

Infiniti Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Infiniti retailer to determine if this applies to your vehicle.

### SERVICE PROCEDURE

- 1. Turn the vehicle ON, but do not start the engine.
- 2. Connect the VI and start C-III plus.
- 3. To access the theft alarm trigger function, navigate the C-III plus to the screen below through either **Diagnosis (One System)** or **Diagnosis (All Systems)** and then **BCM**.
- 4. Select THEFT ALM.
