## Customer statement / workshop findings

Driver or Passenger door creak during the power latch "Close" function

## Technical background

VERY IMPORTANT: Refer to the vehicle repair history to check and confirm any previous work done regarding power latch drive unit replacement noting the following:

- Upon first complaint of a power door latch creaking - Replace all four power door latches
- For any complaints of the same symptom that occur after this - Only replace the power door latch which is exhibiting the symptom
- Figure 1 shows an example of the power latch drive unit

Figure

## Production change

Please note the manufacturer cut off dates for good parts are as follows:

- Front power door latch - 10 Oct. 2020 [10/10/2020]
- Rear power door - 02 Oct. 2020 [02/10/2020]

## Measure

Ensure the fault is as described within the Customer statement, refer to the video on the Bentley Hub referencing TPI 2052394/-

*NOTE: The video shown on the Bentley Hub is for reference purposes only, the symptom is the same regardless of vehicle type shown*

1) Obtain video's clearly showing the date of manufacture or take a photograph of the manufacture date of each applicable power latch motor, the operative MUST save each video and picture as they will be required later within this procedure

VERY IMPORTANT: Refer to the vehicle repair history to check and confirm any previous work done regarding power latch drive unit replacement noting the following:

- Upon first complaint of a power door latch creaking - Replace all four power door latches
- For any complaints of the same symptom that occur after this - Only replace the power door latch which is exhibiting the symptom

2) Referring to the applicable Repair Group - Rep.Gr 57 (Front) or Rep.Gr 58 (Rear) - Replace one or all four door latches (as detailed in the Technical background section)

- Right hand front
- Left handfront
- Right hand rear
- Left handrear

3) Open a Non technical/For information only DISSquery

- Attach the applicable videos to the open DISSquery
- Submit the DISSquery

## Warranty accounting instructions

Warranty Type 110 or 910

Damage Service Number 57 17
