Thanks for the heads up Joe.

Chad_Budrow   12-12-2017 11:24 AM

Joe, do you know who would be in charge of making changes to the Workshop Manual? There are other codes that fall in this same camp. For example:

Fault	New	Previous
Duplicate Smart Switch Fault	524250	6919
Extra Smart Switch Fault	524251	6920
Missing Smart Switch Fault	524249	6918
