Model(s)	Year	VIN Range	Vehicle-Specific Equipment
All	2000 - 2023	All	Not Applicable

## Condition

REVISION HISTORY		
Revision	Date	Purpose
6	-	Revised header (Added model years)
5	05/22/2019	Revised header (Added models and model years) Revised <i>Service</i> (Updated procedure)
4	01/10/2017	Revised header (Added model years)

The VIN plate and/or B-Pillar Safety Certification label requires replacement.

## Technical Background

Not applicable.

## Production Solution

Not applicable.

## Service

### When a new VIN plate or B-Pillar Safety Certification label is required:

1. Save all VIN plates and/or B-Pillar Safety Certification labels removed from the vehicle until the new VIN plate or label arrives.
2. On the Access Audi web site.

# Technical Service Bulletin

---

3. Expand either the **Parts** menu or **Service** menu, then select the **Compliance Label Ordering Portal**.
4. Enter the VIN into Quick VIN Order or the VIN-Specific Items tab of the Order form.
5. Select the desired label.
6. When requested, enter the weight information from the original B-Pillar Safety Certification label. This information will be required to complete the web-based form.
  - The completed web-based form will be electronically routed to the Compliance Label Coordinator for approval.
  - The Compliance Label Coordinator will take the necessary steps to fulfill the request.
  - Once the VIN plate and/or Safety Certification label is received from Audi AG, the Compliance Label Coordinator will provide the label to the dealer.

## Warranty

This TSB is informational only and not applicable to any Audi Warranty.

## Additional Information

All parts and service references provided in this TSB (2021205) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
