Customer statement / workshop findings

Mood lighting strip fixed on one colour regardless of which colour scheme is selected or not illuminated at all

Technical background

Refer to the Measure section of this TPI

Production change

Not Applicable

Measure

- 1) Check the integrity of the applicable mood light strip electrical circuit - Refer to Elsa pro wiring diagrams
- 2) Check the mood light strip electrical connections are correctly made to the affected mood lighting strips, if not connected correctly refit and confirm connection and retest
- 3) Should the connector or mood light strip be found to be damaged, replace the mood lighting strip Refer to Elsa pro – Rep.Gr 96 - Mood lighting strips - To remove and fit
