

September 24, 2021

Dear Cummins Customer:

Cummins Inc. has launched field actions that may affect your Model Year 2016 ISL G CM2180. The parts and labor for these repairs will be provided to you at no cost:

Our records indicate that the Cylinder Head Intake Valves on your engine may be eligible for extended warranty repair for 10 years / 435,000 miles, whichever occurs first. Extended warranty is set to expire on April 20, 2026.

Retroactive coverage is being offered for this repair. If you previously paid for repairs to the Cylinder Head Intake Valve(s), you may be eligible for reimbursement. To start the reimbursement process, please contact Cummins Care and have a copy of your invoice available or information related to where and when the service was performed. Retroactive coverage is set to expire on April 20, 2022.

To learn more and to confirm your eligibility, please call your local Cummins certified service location or contact Cummins Care by visiting us on the web at <https://care.cummins.com> or you are welcome to contact us at 1-800-CUMMINS.

Sincerely,

Cummins Campaign Administration
