******* Campaign Summary*******

On or around October 25, 2021, current and former owners and lessees of certain 2013-2018 Altima vehicles received a postcard from a Settlement Administrator informing them of the terms of a proposed class action settlement that, subject to final court approval, could extend the warranty on the halogen headlamps. The class action lawsuit alleges that 2013-18 Altima models manufactured with halogen headlamps have a defect that causes the internal reflecting surface to delaminate, resulting in dimming of the low beam headlamps.

The proposed settlement has been approved by the court presiding over the class action lawsuit, providing a 3-year extension of the warranty covering headlamp dimming due to delamination. The limited warranty extension will become effective January 20, 2022. Nissan will provide a 3-year extension of the manufacturer's warranty covering headlamp dimming due to the delamination, for a total of six (6) years of coverage regardless of mileage. During this limited warranty extension period, Nissan will replace both headlamps at no charge for parts and labor. All other warranty terms, limitations, and conditions remain unchanged.

NOTE: The proposed settlement, and the associated warranty extension, include many terms and conditions. **Rather than attempting to address questions** about the proposed settlement terms from customers, **it is strongly recommended that you refer customers to the website and/or telephone number listed below** so that they can receive information from appropriate sources and to avoid providing incorrect and/or incomplete information.

Additional information is available at 1-855-786-0996 or www.altimaheadlightsettlement.com.

In addition to the limited Warranty Extension, Nissan will be conducting a Voluntary Service Campaign (estimated to begin in early April 2022) to provide customers that are no longer covered by the term of the limited Warranty Extension, a limited time opportunity to obtain a one-time diagnosis and a potential repair.

- If the vehicle is no longer covered by a basic or parts warranty, customers will have until March 26, 2022 to apply for replacement opportunity by completing a Claim Form and submitting to the Settlement Administrator the appropriate Claim Form by the deadline and, upon approval, bringing the Class Vehicle to an Authorized Nissan Dealer no later than September 23, 2022. Claims approved for this one-time diagnosis and potential repair will be noted on the warranty extension page of Service Comm, and a separate service campaign announcement will be forthcoming.
- If the customer has an out-of-pocket expense for previous headlamp replacement before October 25, 2021, customers can submit the appropriate Claim Form by April 25, 2022 for a reimbursement request to the Settlement Administrator.

****** What Dealers Should Do ******

4. If a customer has questions regarding the terms of the approved settlement, please refer them to the Settlement Administrator at 1-855-786-0996 or to www.altimaheadlightsettlement.com rather than attempting to answer questions directly.
