<b>Subject</b>	Stop Sale on Off Lease Vehicles Impacted by the Takata Airbag Inflator Recall						

On February 25, 2016, we at American Honda Finance Corporation (AHFC) posted a message on the Interactive Network (iN) containing a link to an acknowledgement form that would allow clients coming off lease to purchase their vehicles subject to the most recent front driver's side Takata airbag inflator recall, 16V-061.

Upon further review and in compliance with the stop sale, AHFC has made the decision to disallow the sale of off-lease vehicles to their original lessees (lease-to-retail rollovers) until the recall repairs have been performed on the vehicle. The acknowledgement form has been removed from the iN effective March 7, 2016. If you purchase any off lease vehicles subject to one or more Takata airbag inflator recalls, including those purchased through the Vehicle Inter-Dealer System (VIPS), they cannot be re-sold until the required repairs have been completed.

If you have downloaded the acknowledgement form, please delete or dispose of it.

Please contact your Dealer Relations Manager if you have any questions.
